

International Day, 2011

International Day is my favorite day at school. I have enjoyed the party three times, but I prefer this time.

We performed a Chinese New Year's show. We wore Chinese costumes and shared a lot of Chinese food with friends from other countries. We took a lot of pictures with students from other countries.

Everybody was happy and excited. We had a wonderful ending. I hope we're going to have an even better party next time.
