

International Day

International Day was held at Rinaldi School on May 20th.

It was the first time I had attended such an event. It was very interesting to see how different people from different countries could gather and enjoy the day by sharing their cultures in many different ways.

As an Assyrian from Iran, with some friends we danced our very popular dance called "SHEYKHANI"

Although we did not have any practice, it seemed that it wasn't so bad.

My favorite part was seeing an elderly lady from Poland about 80, not only playing the piano but dancing as well. That was wonderful.

My overall impression was that if the politicians let us have free choice, we could make a better world.

Only then we can all sing: *We Are the World*.
